FOREWORD

Dear SAKOM Friends,

As we all know, SAKOM has been developed as an organization that should enrich cultural and business bonds between the people of the Republic of Serbia and the Republic of Azerbaijan. I am pleased to share with you the progress that the Serbian-Azerbaijani Chamber of Commerce records in this Annual Report.

2021 has been another challenging year, the COVID-19 continues to test our societies and ourselves. In these unsettling times importance of humanity and corporate social responsibility has become even more evident. 2021 report proves that SAKOM did its best to be successful on the test of compassion and charity. Even though we recognize, with pride, the value and impact of the activities we have accomplished through our partnership during 2021, I am certain that together we can reinforce our efforts and achieve more in the coming year.

Year ago, SAKOM launched its Scholarships program aimed to invigorate and encourage students in financial need. In a one year time group of our scholarship holders has been enlarged from 4 to 18 students from different parts of Serbia, studying diverse sciences. Besides helping them financially we pay special attention to

show them affection and respect for their endeavors. We follow their health issues, hardships and obstacles. 2021 we may conclude by saying that with our assistance, eighteen wonderful young people could better confront challenges imposed by students' life.

During 2021 the Serbian-Azerbaijani Chamber of Commerce with immense sadness had to see leaving of the late Archimandrite Romilo Jelić, the Abbot of the Monastery "Duboki Potok," with whom we had the honor of cooperating. As you are all aware SAKOM developed particularly valuable partnership with the 14th century Monastery "Duboki Potok," which represents the immovable cultural heritage and a cultural monument. SAKOM intends to have longstanding relation with this Monastery that had shared its people's destiny and played valuable role in preserving the Serbian people in the northern part of Kosovo.

Finally, I want to acknowledge the extraordinary efforts made by all our members. Our services and support for students and for the broader community have depended in full measure on your contributions and engagement over the past year. I look forward to another busy and productive year ahead. Thank you for helping SAKOM become better and more active member of Serbian business community!

With the holiday season coming upon us, I want to wish you and your family a safe and wonderful time. Have a Happy New Year!

Sincerely,

Mr. Ahmet Murat TURKOGLU
SAKOM President

2021 ANNUAL SESSION OF THE SAKOM ASSEMBLY & THE MEETING OF THE BOARD OF DIRECTORS

This annual meeting was both a time for reflection and for innovation: reflection on the SAKOM's results, innovation for the SAKOM's future members.

On May 28, 2021, an annual session of the Assembly and the meeting of the Board of Directors of the Serbian-Azerbaijani Chamber of Commerce (SAKOM) was held in Radisson Collection Hotel "Old Mill." This gathering served as a special occasion because it represented an annual gathering of SAKOM members and the first in-person gathering after the pandemic's hardships. Furthermore, May 28th marks the National Day of the Republic of Azerbaijan. Hence, the event carried significant importance for its members and guests.

Representatives of SAKOM's member company 'Azvirt' and the Embassy of the Republic of Azerbaijan.

The entire event dedicated to the 2021 Session of General Assembly, including all side costs, was sponsored by "Azvirt". Mr. Turkoglu, the director-general of "Azvirt", noted the following:

THE MONASTERY “DUBOKI POTOK”

One of the 2021 accomplishments that SAKOM holds dear to the heart, besides scholarship program and scholarship holders, is the established cooperation with the 14th century Serbian Orthodox Monastery "Duboki Potok." The Monastery "Duboki Potok" is situated in the municipality of Zubin Potok, belonging to the Eparchy of Raška Prizren, and the monastery church represents the immovable cultural heritage and a cultural monument. This Monastery is particularly remarkable because it preserved and stored old manuscripts from the 16th century, some of which were written on parchment. It is also important to note that this Monastery is exceptional due to its influence on the Kolašin's enlightenment life, as this Monastery "Duboki Potok's" lodging was where the first school was founded in 1891. The person who renovated the Monastery, rebuilt lodgings, gathered people of goodwill, and again turned the Monastery into a spiritual refuge in Ibar Kolašin was late Archimandrite Romilo Jelić.

SAKOM supported the Monastery in procuring a special bookshelf cabinet for storing old church books, and computer equipment, to more easily carry out its activities. Azvirt also joined SAKOM's action and donated a Data Logger 175H1 device that monitors the humidity level in the room where books are being kept, and chemicals, which regulate humidity in the bookshelf cabinets.

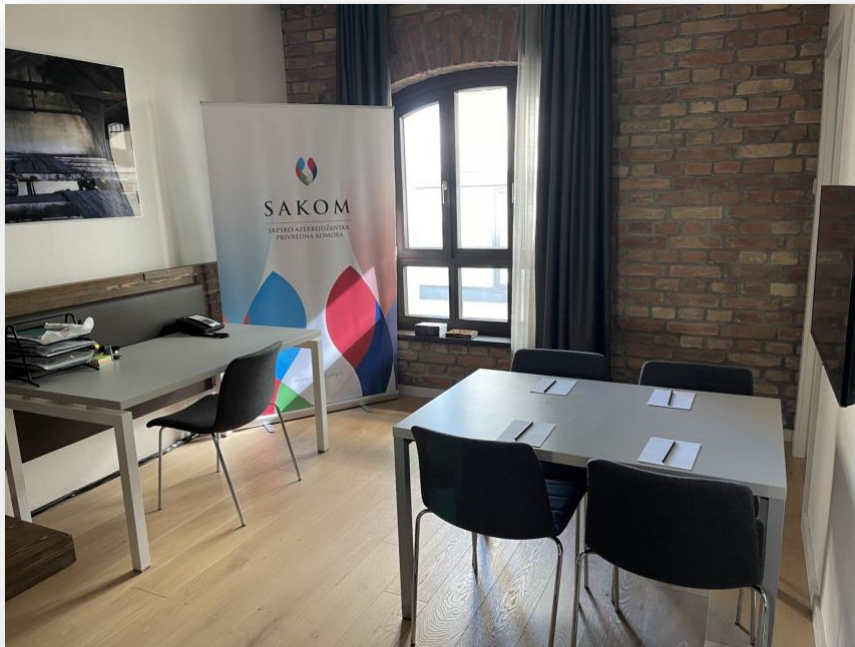

The Serbian-Azerbaijani Chamber of Commerce will continue to support preserving the Monastery “Duboki Potok,” which has been the center of spiritual life and educational work for centuries.

NEW PREMISES

During this year, SAKOM moved to the new premises, which are situated in the Radisson Hotel “Old Mill” in Belgrade. Company Azvirt, SAKOM’s member, donated the needed equipment which helped SAKOM to continue with its activity without any delays. It is important to note, that these new premises are also being used for Scholarship holders’ gatherings.

SAKOM’s work continuation has been significantly contributed by the kindly received donation from its company member Azvirt, which allowed SAKOM to continue its work without delay.

EVENTS DEDICATED TO SCHOLARSHIP HOLDERS

Stefan Ljubinković, Marta Galjak, Nikolija Galjak, Jovana Ristić i Milena Lazarević.

Gathering of Scholarship Holders in Madera Restaurant

With the outburst of the COVID-19 pandemic, the schools and universities slowly introduced online lessons, which at one point was the only way to continue with academic pursuits. However, such change required possession of computers, laptops, or any other gadget, allowing pupils and students to continue their learning. In that regard, SAKOM bought tablets TAB SM Galaxy Tab A7 T500 for all its scholarship holders. The tablets were given to SAKOM scholarship holders on July 13, 2021, during the dinner in the restaurant Madera in Belgrade, organized to celebrate the successful end of the academic year. As before, company Azvirt was the sponsor of events of this nature.

Mr. Žarko Ilić, a SAKOM Board member, shared his experiences with students regarding his cooperation with young scientists from Serbia and wished them much luck in acquiring new knowledge and skills.

The same Galaxy Tab A7 T500 was also bought for the new scholarship holders that were accepted later during the year.

SAKOM Scholarship Holders' reaction to receiving tablets proved that it was a good and thoughtful decision. Jelisaveta and Petar Isaković, who have two more siblings, extended their gratitude letter by saying:

We wish to thank SAKOM for a beautiful dinner and meaningful gifts. We had a lot of difficulties studying online, considering we have one device per the four of us. You have seriously made it easier for us to study, and we are immensely grateful for every gift you have chosen with great care. We hope that you will convey our endless gratitude to Mr. Turkoglu and that we will see each other again after the holidays.

Jelisaveta Isaković, Petar Isaković, Ines Bjelić, Jana Vukosavić.

Promoting Sports and Healthy Lifestyle

SAKOM has established cooperation with the 'VIN Academy' in Belgrade, a sports association, aiming to promote a healthy lifestyle and exercising. 'VIN Academy' offers children and young people a healthy sports life that leads to proper development and the principles of healthy living.

The sports that are performed in the 'VIN Academy' gym are judo and Brazilian jiu-jitsu. The coaches engaged in this sports association are the current and former European champions, the most successful athletes Serbia has had in judo and Brazilian jiu-jitsu.

Dr Vuk Aleksić, the founder of 'VIN Academy,' having recognized that our organizations share the same objectives, kindly offered his contribution to SAKOM Scholarship Program by inviting our Scholarship Holders to become trainees in 'Vin Academy' for free.

Festive Gathering Before the New Year's Eve

and backpack) and wireless headphones.

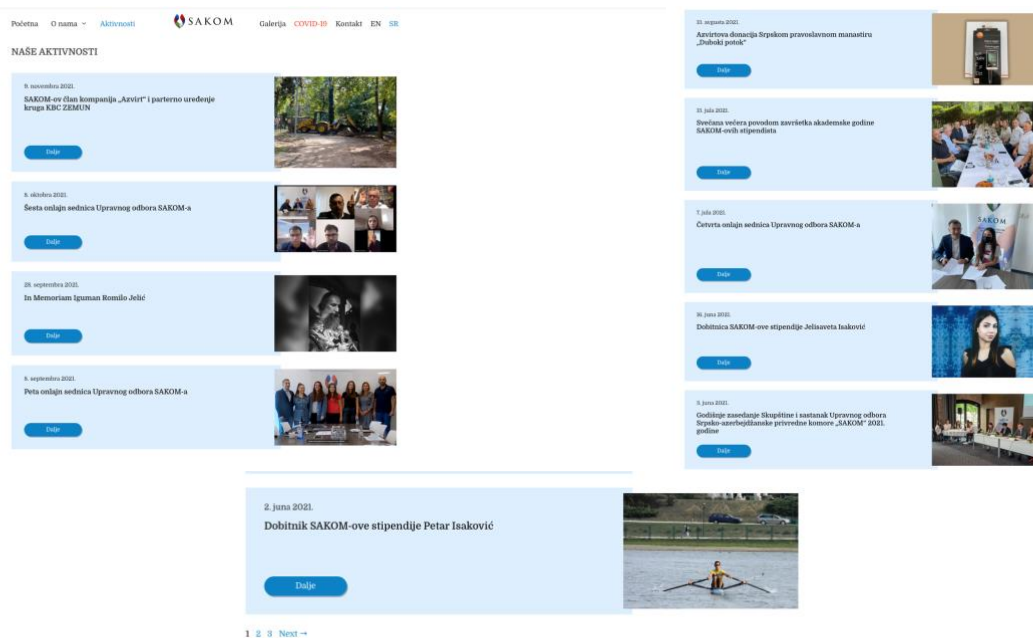

On December 23, 2021, SAKOM gathered its scholarship holders and Board members at the Radisson Collection Hotel "Old Mill" in Belgrade for a festive-end-of-2021 lunch. Scholarship holders were pleasantly surprised by the received New Year's gift, consisting of winter equipment with SAKOM branding (winter jacket, zip up hoodie, bandana,

As a recognition of SAKOM's scholarship project, the Radisson Hotel provided their conference room for our New Year's gathering at no cost. We use this opportunity to thank them for expressed acknowledgement to our efforts to demonstrate social responsibility.

SAKOM Website

Our website was re-established on March 2021, and since then, posts have been published regularly. The website is easy to use, and serves as a brief representation of needed information about our organization's aim and accomplishments.

OTHER CONTRIBUTION

The Hospital-Clinical Center KBC Zemun

The Serbian-Azerbaijani Chamber of Commerce “SAKOM” established its first cooperation with the Hospital-Clinical Center KBC Zemun back in December 2020, when SAKOM donated shoes and uniforms to the KBC Zemun. Alongside SAKOM, our member - company Azvirt - assisted this hospital-clinical center, the oldest hospital in Serbia, by providing financial support and donating medical equipment during the state of emergency.

To mutual satisfaction, the cooperation has not stopped on that note. As a matter of fact, the SAKOM's member Azvirt, received a kind inquiry regarding a possibility to assist in landscaping, i.e., in asphaltting parking lot and a road near the hospital's circuit. In that regard, Azvirt has decided to provide its assistance in asphaltting sections of hospital's circuit, as well as arranging a part used for parking the vehicles. In total, 28 tons of asphalt were used. Thus, not only has Azvirt enabled more accessible transport of dangerous materials, access to fire engines and ambulances, but also enabled the easier exit of newborns from the maternity hospital KBC Zemun. By this means, Azvirt's continuous support of the hospital continued in 2021. Azvirt proudly emphasizes its intention to be a constructive and valuable member of every

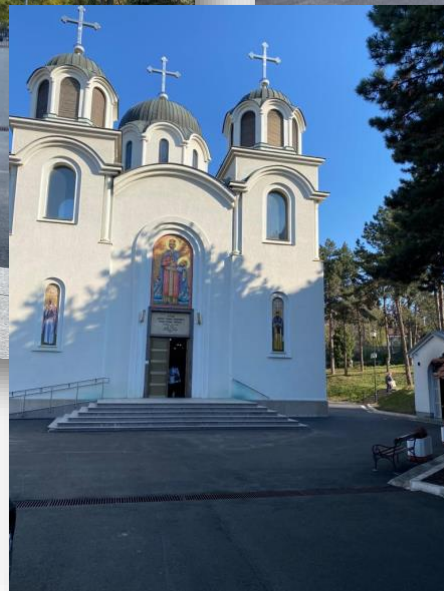

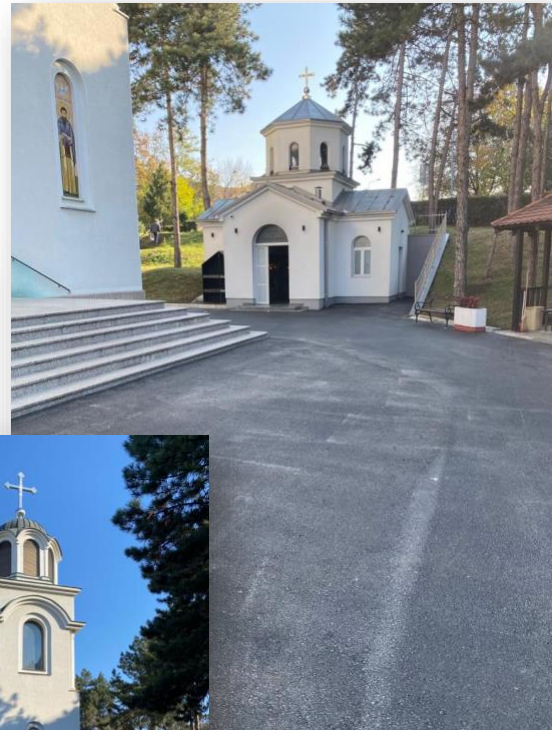

community it operates in.

Church of St. Jovan Vladimir – Medaković, Belgrade

Mrs. Biserka Jevtimijević, SAKOM Vice-President, and Mr. Fikrat Najafov, Azvirt Director, with protoiereus Milan Marić, the parish priest of the fourth parish and the elder of the Church of St. Jovan Vladimir in Belgrade.

In the fall of 2021, company Azvirt provided its assistance to the Church of St. Jovan Vladimir in Belgrade, neighborhood Medaković. Azvirt made sure that the entire garden of the church as well as parking lot and the entry are entirely asphalted. And for these purposes 270 tons of asphalt were used. Besides that, drainage system was completely made with 450 meters of curbs.

West-gradnja doo Šabac

Keeping in mind the importance of corporate social responsibility upon society and the environment, the company West-Gradnja doo Šabac strives to apply, support, and promote such corporate principles in practice.

As a subcontractor of the Azerbaijani company Azvirt (construction of the section Novi Sad - Ruma - Šabac), West-gradnja immediately recognized the importance and supported the initiative of this company - to organize an action of cleaning the landfill sites in Klenk.

At the end of October, with its technical and human resources, West-gradnja actively participated in the landfill sites cleaning action, of course for free, but with the desire to solve the landfill problem and understand the importance behind solving this obstacle for the local community, corporate environment and environment in general.

West-gradnja doo Šabac expresses its readiness to support such and similar actions continuously under its capabilities.

NAFTACHEM

During this year, NAFTACHEM has performed the following humanitarian activities:

1. Donated 75.000 dinars to the Monastery "Velika Remeta" in March 2021.
2. Donated 80.000 dinars to the Islamic Community in April 2021.
3. Financially assisted the Association of Citizens of Novi Sad for the repair of a humanitarian van that delivers humanitarian aid around the city by donating 36,000 dinars in July 2021.

⇒ Dear SAKOM members,

The end of 2021 is approaching, and now we can say with certainty that it was a very challenging year. The coronavirus pandemic brought a lot of worries and fears, reduced our daily activities to a minimum, and thus brought loneliness and similar heavy feelings. That is why it is essential to look at the maximally positive side and surround ourselves with good people as much as possible, thus making life easier. In this very challenging year, the SAKOM members provided me with incredible support, lovely friendships, and new, valuable acquaintances that I will remember for the rest of my life.

In the new year 2022, I wish everyone a lot of health, happiness, and love. I want it to be in the light of new acquaintances, travel, achieving new goals, progress... rather than in the light of the pandemic as the previous one. Let's use 2021 as a reminder that health and support are most important, and I'm sure 2022 will give us much more good than the previous year.

Happy New Year!

Jelisaveta Isaković
